Packets will be available at all medical facilities and upon request to Carol Roth, 867-3414, email **Roth-1, Carol** and on the Occupational Medicine web-site: <http://sgs/sgs/sites/other/chs/occmed/index1.htm>. NUTRITION TIP OF THE WEEK FROM THE KSC FITNESS CENTERS: Stress and Nutrition—It's a common myth that our bodies use more nutrients when we're under mental stress. Although pressures at home or work sometimes cause us to neglect eating well, we don't use any more or less essential nutrients while under this type of stress. If you are mentally or emotionally stressed out, a few eating tips may help:

- Don't binge or just grab whatever is in sight—take time for eating well.
- If time is an issue, try quick to prepare foods and recipes, such as canned foods or frozen veggies and fruits. Order in if you have to, but don't skip meals.
- Take time out for a healthful breakfast before your day starts.

TURTLE NESTING SEASON IS HERE! The months of May thru October are the prime months for sea turtles to nest along our beaches. KSC and CCAFS have some of the only remaining pristine beaches along the East Coast of Florida. Sea turtles use these beaches in high numbers for nesting. All exterior lighting at KSC and CCAFS, not just that which directly hits the beaches, can be a distraction to these turtles causing disorientation and nest abandonment. Please, take extra measures to ensure all non-essential exterior lighting is turned off. The KSC Exterior Lighting Guidelines can be reviewed on the Environmental Program Branch website at <http://environmental.ksc.nasa.gov/natural/lighting.htm>. If you see any lights that you feel need to be turned off or have any questions, please contact John Shaffer, NASA EPB, at 867-8448. (TA-C3)
